A visual, playable peek into the decade that was the 80s. There are awesome new games, great remakes, classic favorites and a soundtrack that'll keep you dancing from beginning to end!Cyclopentyl-substituted tetrahydrobenzimidazoles as potent and selective PPARalpha/delta agonists. 1,2-Tetrahydrobenzimidazoles represent an important class of PPARgamma ligands. In the present paper, we describe the synthesis and characterization of a series of novel tetrahydrobenzimidazole derivatives with either cyclopentyl or pyrrolidylmethyl groups attached at the imidazole N(1) position. These compounds displayed moderate PPARalpha/delta activity. Among them, 4-(2-cyclopentyl-3-oxo-2,3-dihydrobenzimidazol-1-yl)-2,5-dimethylpyridine-3-carbonitrile (2) showed submicromolar affinity for PPARalpha (IC50 = 0.12 microM) and PPARdelta (IC50 = 0.20 microM) and displayed a balanced PPARalpha/delta activity. In reporter gene assays, compound 2 showed full agonist activities for both PPARalpha and PPARdelta.Narcissism as a public health problem in health care: the interplay of medical-psychological-psychiatric and political dimensions. Narcissism in health care professionals and in the general public is a pervasive and disfiguring problem, and this article will review the significant empirical findings, as well as some of the background issues. The article will then attempt to examine the interplay of the medical-psychological-psychiatric and political dimensions of narcissism, and consider how the role of the media can assist in addressing the problem. Altered hepatic vascular permeability, but not liver injury, after application of chromium-containing adhesives. Chromium-containing adhesives have been shown to impair liver function and increase hepatic vascular permeability in rats. To evaluate potential application of chromium-containing adhesives in humans, the authors studied the effects of a chromium-containing adhesive on liver injury and hepatic vascular permeability in rats and humans. In a rat model, adhesives were applied to the exterior of the right 82157476af
